Red House—Towels.

Lost—Greyhound.

Strayed—A mare.

Wanted—Woman to do housework.

Notices—For article work.

## LOCAL INTELLIGENCE.

## Another Appeal to Voters.

Ens. Record-Union: The question to

be submitted to us to-day to be decided by

our votes is this, shall we sustain a public

nuisance or shall we by our expression to-

day, manifested by our vote, wipe it out?

I allude to the Chinatown slough.

There cannot be a taxpayer, small or

large, but will agree to this proposition:

Chinatown, as we know it, shall be re-

moved. It is a blot, a disgrace to the city of

Sacramento.

When we receive our friends at the depot

and walk with them south on Second

street, the view is one of our friends look

up with disgust, and ask "what kind of a

devil lot of barracks are these?" We have to

admit and say it is "Chinatown," that we

feel it is a great disgrace and nuisance, but

that we will remove it as quickly as pos-

sible.

Voters who pay no tax are not hurt, and

the extra tax to the small taxpayer will

be insignificant compared to the great

increase of value of real estate in all parts

of the city that will follow this wholesome

improvement and the removal of the

Chinatown nuisance. JAMES I. FELTER.

## The Chinatown slough from above

and arranged to fill the slough-filling propo-

sition. Will you submit to it, and allow them

to win?

## Police Court.

The dock of the Police Court presented a

dreary appearance Saturday morning, and

the spectators were few. Mrs. Thomas, an

old lady who figures often in Court cases,

stood shivering as the clerk read the com-

plaint charging her with being drunk. She

endeavored to make an excuse, but the

Court sentenced her to imprisonment in

the city prison for a period of seven days.

William McNamara, also arrested for

being drunk, was discharged on promiss-

ing bond that he would go to work and

conduct himself properly. R. D. Cooper, charged

with disturbing the peace, was found

guilty, and will receive judgment to-day.

John Long, who was arrested and charged

with vagrancy, was found guilty, and

sentenced to the city prison for a period of

seven days. The case of Kate Farley, charged

with grand larceny, failed to put in an

appearance, and the defendant was

discharged. Day Vantine was fined \$25

for a small case of disturbing the

peace.

## It will enhance values and reduce fire tax-

ation. Vote for the market-place.

## Baseball Notes.

"Pete" Sweeney has been elected cap-

tain of the Haverly club.

At San Francisco the Greenback &amp; Moran

Yorks defeated the Greenback &amp; Moran

by a score of 17 to 3. Connor's home run

was the feature.

Snowflake Park is in a very sloppy con-

dition owing to the recent rains.

The ball game which was to have been

played yesterday between the Bee and

Record-Union teams was declared off on

account of the weather.

The Los Angeles club defeated the Stock-

ton's Saturday at the former place. The

score was 10 to 7. First baseman Beckley

of the Stocktons, scored 20 hits.

The Los Angeles Baseball Club has sent

a sweeping challenge to the Pioneers.

## Vote for the market proposition. It means

more work, more money for laborers, bet-

ter, a cleaner city and the removal of Chi-

natown from the banks of the slough forever.

## A COWARDLY ATTACK.

Many Answer of Mr. Erlwine to His

Traitors.

Ens. Record-Union: An article ap-

peared in last evening's Record-Union

entitled "Sentiments of O. W. Erlwine," and

signed "M. R." charging me with de-

monstrating all foreigners, particularly the

Germans, Irish and Jews, while traveling

on an early morning train en route to San

Francisco, one day last winter. I am

willing to make affidavit that I have

been on a train going to San Francisco

since March, 1899; neither have I been

on a train going to San Francisco since

that time. I further state that I

never made any such remark to any

person concerning foreigners, Jews,

Germans, Irish, and my wife is of

German descent.

Why should I denounce the Irish? My

mother is of Irish descent. Why

should I denounce the Jews? My

mother is of Jewish descent. Why

should I denounce the Germans? My

mother is of German descent. Why

should I denounce the Irish? My

mother is of Irish descent. Why

should I denounce the Jews? My

mother is of Jewish descent. Why

should I denounce the Germans? My

mother is of German descent.

## INTERESTING DISCOURSE.

Rev. A. J. Bell, of Chicago, Lectures the

Youth of Sacramento.

Yesterday afternoon the rooms of the

Young Men's Christian Association were

filled with young men. It was not

a gathering of men, but of young men

much the larger part of the audience being

composed of young men from 16 to 35 years

of age. They were clean-cut men, too, and

from outward indications one would say

the majority of them had plenty of back-

bone. The cause of their gathering was

a desire to hear A. J. Bell, a

well-known lay evangelist from Chicago,

at present in our city. The exercises

commenced with a song service by

the General Secretary of the Association.

There was no choir to do the sing-

ing, every man was invited and ex-

pected to sing, and judging from the

volume of sound, nearly all present did.

The introductory prayer was offered by

Thomas Follen. After a few notices by

the Secretary, Mr. Bell was introduced.

He is a fine, well-preserved man of

approximately 40 years of age, of Irish

descent, and of a pleasant, friendly

disposition. He is a native of Chicago,

and has been in our city for some time.

There being nothing ministerial in his ap-

pearance or style. He is thoroughly prac-

tical, and evidently understands how to

reach the young men. He is a native of

Chicago, and has been in our city for

some time. He is a native of Chicago,

and has been in our city for some time.

He is a native of Chicago, and has

been in our city for some time. He is

a native of Chicago, and has been in

our city for some time. He is a native

of Chicago, and has been in our city

for some time. He is a native of Chi-

cago, and has been in our city for

some time. He is a native of Chicago,

and has been in our city for some

time. He is a native of Chicago, and

has been in our city for some time.

He is a native of Chicago, and has

cago, and has been in our city for

some time. He is a native of Chicago,

and has been in our city for some

time. He is a native of Chicago, and

has been in our city for some time.

## FILLING CHINA SLOUGH.

Reasons Why the People Should Vote for

the Tax To-day.

Ens. Record-Union: The Improvement

Association should abolish the sub-com-

mittee on the filling of China slough.

First—if the vote to-day is in favor of

the tax the services of the sub-committee

will be required no longer.

Second—if the vote is against the tax

then it would be improper for the Associa-

tion, as such, to consider again the question,

because these lots then become a public

nuisance, and the Association would prob-

ably be easily attacked by all who shall

be a master of amiable agreement between

buyer and seller, and would probably be

made high enough to pay some expenses

for carrying the proposition, while to-day

the Association will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough, and will be used to fill the

slough,
